rite here Independence Day

One year ago I celebrated Idependence Day at Vitor P. Lopez. Before we left I played Smack down vs. Raw with my little brother and heard wrestling songs on the playstation. Then, we got ready and got dressed to see the fireworks.

Before we got there we went to pick up ur friends and family and we went to the store to buy soda and two packs of pizza. Then, we went to a firwork show. When the firework show ended we went out side and saw all the colorful firework crackers when they finished it smelled like smoky fire works. Finally, we got ready to go home. We pick up all the mess. It was the best celebration ever.
